Please attend this event to share your thoughts and ideas for improving state contracting with small and diverse businesses.

In July 2015, Governor Inslee established a subcabinet to increase ways for small and diverse businesses to participate in Washington state contracting opportunities.
The Governor directed the subcabinet to develop a cohesive statewide strategy.

Community participation and feedback is essential to this effort.

Phone conferencing is not available in the room. If you are unable to attend in person, please work with someone in your community to bring your input to the meeting, or provide input to BusinessDiversity@des.wa.gov. We value all input equally, whether given in person or via email.
