Agency's plan to increase participation of small minority-, women- and veteran-owned firms:

1. Conduct outreach to artists in Washington State utilizing either a postcard or information posted on the Arts Commission's Website with information about becoming a certified provider and advantages to artists.
2. Host one session with another small agency to conduct an outreach session in Western Washington to influence artists to become a certified provider.
3. Conduct a short session with artists immediately following an Arts Commission meeting that is open to the public to influence artists to become a certified provider.
4. Conduct a short session with artists in conjunction with another arts organization meeting, seminar or conference. Immediately following the meeting, seminar or conference, arrange for a separate room to meet with artists.
