

Supplier Diversity Inclusion Plan • Fiscal Year 2018

Agency: Washington State Lottery

Contact:	Jenna Johnson	360.480.9028	Jenna.johnson@walottery.com
	Name	Telephone	Email

Agency's plan to increase participation of certified small minority, women, and veteran owned firms:

- Continue the business practice of identifying available vendors in WEBS by commodity code and county to allow for open and fair competition rather than selective.
- Continue to include OMWBE program information in all procurement documents.
- Notify internal stakeholders and customers of OMWBE directory for identifying available vendors.
- Participate in outreach events when available.
- Provide OMWBE directory information to large contractors (Gaming System provider and Ad Agency) for subcontracting purposes.

Supplier Diversity Best Practices

Below are best practices to increase participation of minority, woman, and veteran owned firms. The Office of Minority and Women's Business Enterprises (OMWBE) is happy to discuss how these strategies can be used in your agency meeting. We can include appropriate staff from the Department of Enterprise Service (DES). **Please contact Elisa Young at elisay@omwbe.wa.gov or 360-664-9759.**

1. Proactively identify your contracting and procurement needs. Early planning is the key to supplier diversity.

- Identify your agency's schedule for planned procurements for the biennium.
- If a schedule isn't available, review historical data to identify general categories of goods and services your agency regularly purchases. Your agency's response to questions one through four of the Procurement Risk Assessment report submitted to DES can help.
- Break down your needs by type of procurement:
 - Spend on master contracts using [the master contract sales database](#).
 - Spend on internal contracts.
 - Spend on direct buy purchases.

2. Review your procurement practices.

- Review how purchases are bundled and whether unbundling these contracts will create more inclusion opportunities.
- Understand your agency's [direct buy purchasing authority](#).
- Is it likely a bidder will subcontract work? Consider requiring bidders to submit an inclusion plan, where the contractor is responsible to set goals, identify small and diverse vendors, and report on subcontractor spending with diverse vendors.
- Write solicitations and contracts in [plain talk](#), which assists all bidders.

3. Identify diverse options for each category of spend.

- Use this [search tool](#) on DES' website to identify master contracts with diverse vendors.
- Use WEBS to identify all firms registered with DES. WEBS includes all certified veteran owned businesses. Businesses are able to self-identify as minority or woman owned, check OMWBE's directory to see if they are certified.
 - For help, review these [instructions](#) or see the [WEBS Vendor Search tutorial](#).
 - Try starting your search with broad commodity codes.
- [OMWBE's searchable directory](#) of certified minority and woman owned firms.

Supplier Diversity Best Practices

4. **Conduct outreach.** If you cannot find a certified firm in your area of work, early planning will allow you to conduct market research and outreach.
 - Contact certified minority, women, and veteran owned businesses and encourage them to bid.
 - Host, sponsor or attend trade shows to inform small businesses of contracting opportunities. Check [OMWBE's web site](#) for upcoming events or call us.
 - Advertise contracting opportunities on [OMWBE's web site](#).
 - Develop a communication strategy to engage small businesses owned by minorities, women and veterans.
 - Know where to refer a business that wants to be certified by OMWBE or DVA. See this [multi-agency fact sheet](#) for more information.

5. **Monitor.** Monitor your agency's spend with certified businesses throughout the year so you know what is working and can adjust your strategies as needed. You can access your agency's Supplier Diversity Report through [Enterprise Reporting](#).
