Agency's plan to increase participation of certified small minority, women, and veteran owned firms:

The Washington Student Achievement Council's participation level for FY17 is at 6.01%. We intend to continue our best practices and make efforts to increase our participation percentages as outlined by Governor Inslee's strategic framework and the Results Washington Goal 2 participation rate of 10% minority-owned businesses, 6% women-owned businesses, and 5% veteran-owned businesses. Our agency has identified the following strategies in 2017 to make progress towards this goal: We will provide information to individuals that contact our agency for future contracting possibilities in order to encourage full participation; consistently provide information regarding contracting opportunities available through our agency to OMWBE for website publication and promotion; and finally, attend OMWBE events and promote the businesses we currently utilize.
