Program Objectives:

The U.S. Department of Transportation Bonding Education Program (BEP) is in partnership with SFAA to help small businesses become bond-ready. The BEP consists of classes designed to address what businesses need to do to become bond-ready, including one-on-one sessions with local surety bonding professionals to help assemble the materials necessary for a complete bond application. This program is tailored to businesses competing for transportation related contracts. The target audience includes small and emerging contractors in the transportation field. However, the program is open to all contractors seeking to expand their business and run their operation more effectively.
