1. INTRODUCTION

1.1. PURPOSE AND BACKGROUND

In May of 2020, The United States Department of Agriculture (USDA) launched the Farmers to Families Food Box Program to provide economic relief to food businesses and farms affected by the COVID-19 pandemic while providing low-barrier emergency food resources to individuals experiencing hunger. This program was administered directly between the Federal Government and select contractors across Washington State and the nation, without coordination between other federal Food Assistance programs or State Government programs. Consequently, much of the food was distributed through hunger relief programs that have not historically participated in Food Assistance Programs affiliated with the Washington State Department of Agriculture (WSDA). At the time this federal program terminated in May 2021, two USDA vendors were distributing approximately 1.5 million pounds of perishable food weekly to more than 100 nonprofit organizations in Washington State. Of the nonprofit food recipients, the majority had no pre-existing relationship with WSDA's Food Assistance Programs and were ineligible to receive food or funding through these programs.

During the peak of the crisis in 2020, as many as 1 in 3 Washingtonians experienced food insecurity, and based on previous recession recovery trends, WSDA estimates that rates of food insecurity may not return to pre-pandemic levels for ten or more years. While the network of organizations engaged in WSDA's Food Assistance Programs provide a substantial and broad emergency food safety net, WSDA recognizes that there are gaps in this safety net and that research conducted by the University of Washington and Washington State University throughout the COVID-19 pandemic indicates that minority and socially disadvantaged communities faced food insecurity at disproportionately high rates while experiencing greater access barriers to receiving various forms of food assistance.

During the 2021 (ESSB 5092) and 2022 (ESSB 5693) legislative sessions combined, the Washington State legislature appropriated more than \$103 million in Federal funding for WSDA for the following purpose: *"One-time funding is provided to develop a state alternative to the United State Department of Agriculture Farmers to Families Food Box Program and provide resources for hunger relief organizations, including organizations that serve black, indigenous, people of color, and other socially disadvantaged communities."* To date, WSDA has issued more than \$35 million in contracts to provide these emergency food resources to communities across the state.

WSDA is initiating this Request for Proposals (RFP) to solicit proposals from firms interested in partnering with WSDA to provide emergency food and emergency food distribution services for the We Feed WA Pilot Food Program to support Washington-based food and farm businesses while addressing the unprecedented need for emergency food resources across Washington State caused by the COVID-19 public health crisis. All interested firms must be able to demonstrate an ability to work with food vendors, last mile distribution partners and socially disadvantaged populations to distribute food and resources safely, timely and equitably.

WSDA intends to award multiple contracts to provide the goods and services described in this RFP.

1.2. SCOPE OF WORK AND OBJECTIVES

Scope: This pilot food program is intended to address identified access gaps in the emergency food safety net through the procurement and distribution of emergency food from Washington-based

farm and food businesses to Washingtonians experiencing food insecurity. These gaps may include underservice to unique populations, like home-bound seniors, individuals with disabilities, immigrants, households with language access barriers, Black, Indigenous, People of Color, or other distinct cultural communities, as well as unique geographic areas including cities, counties, census tracts or a combination thereof. To learn more about access gaps in the emergency food system, as well as racial and other disparities in rates of food insecurity, WSDA commissioned studies from the University of Washington and an informal Black, Indigenous, People of Color leadership team that was assembled in collaboration with the WSU Food Systems Team. Both studies are available at: <https://agr.wa.gov/about-wsda/focus-on-food> (scroll to the bottom of the page).

WSDA is seeking proposals from qualified Bidders that can design and deliver community-responsive emergency food boxes, supplemental food resources, and/or household distribution methods in an ecosystem of mutually beneficial relationships across the supply chain, from farmers, producers, and other food vendors to hunger relief programs and everything in between.

This pilot is limited to activities and services that are not otherwise funded through WSDA's Food Assistance Programs or any other governmental fund source. Other sources of funding, including government contracts, may be used to match or supplement We Feed WA Pilot Food Program activities. WSDA recognizes and supports the vital role Food Assistance Programs' contractor and subcontractor network plays to emergency food access and WSDA will carefully coordinate pilot program implementation with the agency's Food Assistance Programs. While the WSDA values infrastructure, education, capacity building and other long-term investments to ensure a resilient food system in the face of future challenges, that is not the purpose of this pilot food program. All bids associated with this pilot program must address immediate needs in the form of emergency food procurement and provision to food insecure individuals and households. Partnership, collaboration, and innovation are encouraged.

Objectives: WSDA's overarching objective is to ensure access to a safe and nutritious supply of food to support a healthy and thriving Washington population.

The We Feed WA Pilot Food Program has two primary objectives:

- a. Increase the economic viability of farmers and food businesses through the procurement of emergency food from Washington-based farm and food businesses, with resources prioritized for underrepresented farmers and ranchers, as well as women, minority, and small business owners.
- b. Increase emergency food access among underserved Black, Indigenous, People of Color, and socially disadvantaged communities by providing community-responsive emergency food resources to a diverse network of hunger relief programs, including traditional food banks and food pantries, as well as unique, equity-centered distribution models.

A key challenge and opportunity of this pilot food program is to propose work that both provides immediate emergency food relief to underserved communities and the hunger relief programs that seek to serve them, while also providing meaningful market access and community food security opportunities to farm and food businesses. WSDA seeks to support projects that balance these objectives by fostering cross-sector relationships built on shared learning, cooperation, equity, and mutual success. The ability to develop an ecosystem of vendors and partners that are committed to learning about respective needs, assets and capabilities, as well as the synergies that are possible when local food and farm businesses work together with community food programs, will be

essential to Bidders' success. While this pilot food program is only assured funding through June 2023, durable relationships, greater cooperation across facets of the food system, and ongoing learning about models and evaluation methods that address gaps can be lasting outcomes. Together, we can feed Washington.

1.3. AWARD TYPES

Based on findings from the first year of We Feed Washington Pilot Food Program contract management, WSDA has narrowed the project scope to the following award types. Bidders may elect to bid for one or more of the following award types to supply goods and services and are eligible to receive an award in more than one category concurrently:

a. We Feed WA Emergency Food Boxes

- Bidder is responsible for proposing emergency food box menu specifications after consultation with hunger relief programs that will distribute the boxes. Emergency food box contents may vary based on community need and product availability. - Bidders are responsible for identifying and coordinating with nonprofit hunger relief programs to determine the food box contents and quantities that they propose to distribute to persons seeking emergency food relief.
- Bidders are responsible for identifying a network of vendors to ensure the production capacity and logistics necessary to fulfill the proposed project. Bidders must be equipped to procure at least 50% of emergency food directly from farms and other food producers; the remainder may be purchased from distributors and other food businesses.

2.7. PROPRIETARY INFORMATION & PUBLIC DISCLOSURE

Proposals submitted in response to this competitive procurement shall become the property of the WSDA. Bidders are discouraged from submitting proprietary information in their proposal. In order to protect the integrity of the contracting process, which is a vital state interest, all proposals received shall remain confidential until the apparent successful contractor, if any, is announced by the WSDA, thereafter, the proposals shall be deemed public records as defined in Chapter 42.56 of the Revised Code of Washington (RCW).

Any information in the proposal that the Bidder desires to claim as proprietary and exempt from disclosure under the provisions of Chapter 42.56 RCW must be clearly designated. Marking the entire proposal exempt from disclosure or as Proprietary Information will not be honored.

If a public records request is made for the information that the Bidder has marked as "Proprietary Information" the WSDA will notify the Bidder of the request and of the date that the records will be released to the requester unless the Bidder obtains a court order enjoining that disclosure. If the Bidder fails to obtain the court order enjoining disclosure, the WSDA will release the requested information on the date specified. If a Bidder obtains a court order from a court of competent jurisdiction enjoining disclosure pursuant to Chapter 42.56 RCW, the WSDA shall maintain the confidentiality of the Bidder's information per the court order.

2.8. REVISIONS TO THE RFP

In the event it becomes necessary to revise any part of this RFP, addenda will be published on WEBS and the WSDA website.

If a Bidder downloaded this RFP from the WSDA website located at: [Contracts and Procurement | Washington State Department of Agriculture](#), the Bidder is responsible for checking the website during the RFP process to ensure receipt of any RFP addenda.

The WSDA also reserves the right to cancel or to reissue the RFP in whole or in part, prior to execution of a contract.

2.9. DIVERSE BUSINESS PARTICIPATION

In accordance with chapter 39.19 RCW, the state of Washington encourages participation in all of its contracts by firms certified by the Office of Minority and Women's Business Enterprises (OMWBE). 2.11. RESPONSIVENESS

The WSDA also reserves the right at its sole discretion to waive minor administrative irregularities.

2.12. MOST FAVORABLE TERMS

The WSDA reserves the right to make an award without further discussion of the proposal submitted. Therefore, the proposal should be submitted initially on the most favorable terms which the Bidder can propose. There will be no best and final offer procedure. The WSDA does reserve the right to contact a Bidder for clarification of its proposal.

The Apparent Successful Contractor(s) should be prepared to accept this RFP for incorporation into a contract resulting from this RFP. Contract negotiations may incorporate the Bidder's entire proposal. It is understood that the proposal will become a part of the official procurement file on this matter.

2.13. CONTRACT AND GENERAL TERMS & CONDITIONS

The apparent successful Contractors will be expected to enter into a contract which is substantially the same as the attached contract and its general terms and conditions, *Exhibit F*. 2.16. REJECTION OF PROPOSALS

The WSDA reserves the right at its sole discretion to reject any and all proposals received without penalty and not to issue a contract as a result of this RFP.

2.17. COMMITMENT OF FUNDS

The Director of the WSDA or his delegate is the only individual who may legally commit the WSDA to the expenditures of funds for a contract resulting from this RFP. No cost chargeable to the proposed contract may be incurred before receipt of a fully executed contract.

3. PROPOSAL CHECKLIST, CONTENTS, AND FORMAT

3.1. REQUIRED PROPOSAL CONTENTS

Proposals must be written in English and submitted electronically in one or more Portable Document Formats (PDFs) to the RFP Coordinator. Refer to Section 2.5 for additional proposal submission details.

The 7 parts of the proposal are:

Items marked "*Mandatory*" must be included as part of the proposal for the proposal to be considered responsive, however, these items are not scored. Items marked "*Scored*" are mandatory and are those that are awarded points as part of the evaluation conducted by the evaluation team. Items in this section marked "*Optional*" are not required or scored but are of interest to WSDA.

3.4 PROPOSAL NARRATIVE (SCORED)

The proposal narrative has three parts: technical, management and cost. The proposal narrative must be typed, single-spaced, in an 11-point font, not to exceed fifteen (15) pages.

A. TECHNICAL PROPOSAL

- a. **Project Approach/Methodology** – Include a complete description of the Bidder's proposed approach and methodology for the project. This section should convey Bidder's understanding of disparities in emergency food access and gaps in the emergency food system, the needs of diverse farm and food businesses, and the

values and strategies that inform the Bidder's overall approach. Indicate the Bidder's policy and approach to food waste prevention and environmental stewardship in the food system.

- b. **Work Plan** – Include all project requirements and the proposed tasks, services, activities, etc. necessary to accomplish the scope of awards defined in this RFP. This section of the technical proposal must contain sufficient detail to convey to members of the evaluation team the Bidder's knowledge of the subjects and skills necessary to complete the project.
- c. **Project Schedule** – Include a succinct project schedule indicating when the elements of work will begin and when they will be completed. All Bidders seeking to provide services during the period of performance beginning July 1, 2022, must be able to begin delivering services between July 1 - 31, 2022. Bidder should include their proposed start date if they were to receive notification of award no later than June 16th.
- d. **Partnerships and Collaboration** – Identify key partners with whom the Bidder will work to complete the project as proposed and describe the Bidders' current relationship with a broader network of vendors and partners. Please describe to what degree vendors, particularly Black, Indigenous, and People of Color and other socially disadvantaged farmers and producers, as well as Last Mile Distribution Partners, were engaged in the planning or preparation of this proposal. If applicable, state whether last mile distribution partners have been informed and agreed to the proposed distribution plan. Finally, describe how the Bidder's company approaches conflict resolution with partners.
- e. **Outcomes, Performance Measurement and Evaluation** – Describe the impacts/outcomes the Bidder proposes to achieve as a result of the delivery of these goods and services including how these outcomes would be monitored, measured and reported to WSDA. Describe the qualitative and quantitative metrics that the Bidder is equipped to report on, including: households served, pounds of food, types of food, amount spent procuring food from WA farms and food businesses, and amount of service & handling fees paid to LMDPs.

B. MANAGEMENT PROPOSAL

- a. **Experience of the Bidder** – Indicate the experience the Bidder has in the following areas as applicable to their responsibilities outlined in the project work plan:
 - Experience procuring food from farms, food producers, retail businesses and wholesale distributors
 - Experience distributing emergency food safely in compliance with the retail food code ([Chapter 246-215 WAC](#))
 - Principles of Equity and Community-Centered Design
 - Food system coordination, including food waste reduction measures, multisector partnerships, etc.
- b. **Deliverables** – Fully describe the documents to be submitted under the proposed contract as evidence of completed service (for example, signed Bills of Lading, distribution logs, published guides, etc.) prior to payment. Deliverables must support the requirements set forth in Section 1.3, Award Types.
- c. **Administrative Capacity** – Describe the capabilities for achieving performance under this contract. Demonstrations of capability include but are not limited to: business ethics and integrity standards, food safety and/or regulatory audits,

inspections, certifications as well as demonstration of financial capability to perform. Describe the Bidder's fiscal, human resource, and governing controls:

- Contracts with the State of Washington are reimbursement-based, with 30-day payment terms from the date of receipt of an invoice. Please describe your business' ability to manage cash flow, including the maximum accounts receivable amount and accounts payable amount you can manage in a single month.
 - If applicable, audits are completed. Please indicate any existing commercial, Government or other Regulatory audits as an attachment to this proposal.
 - Identify the principal staff and their key roles in this project.
 - Briefly describe the Bidders' governance structure and how decision-making occurs within your organization. Please indicate whether any producers, processors, or representatives of impacted communities have any role in decision-making. If so, please describe this process.
- d. **Risks** – The Bidder must identify potential risks that are considered significant to the success of the project. Include how the Bidder would propose to effectively monitor and manage these risks, including reporting of risks to WSDA's contract manager.

C. COST PROPOSAL

- a. **Fees and Total Proposed Contract Value** – Contractor will complete Exhibit C, Goods & Services Description and Pricing Form, to summarize the total proposed fees for all items proposed for any award type. Because the We Feed WA Pilot Food Program is an alternative to the USDA Farmers to Families Food Boxes, Contractor should equate their unit of service to a food box or food box equivalent. The latter does not apply, however, to proposals for the Technical Assistance award type.

The maximum award to a single Bidder will not exceed \$13,409,000 (*thirteen million, four hundred and nine thousand*) dollars. Bidder's proposed contract value must not exceed this amount to be considered responsive to this RFP.

- b. **Contractor Costs** – To identify the Contractor's fee for performance of this proposal, Contractor must determine anticipated direct (i.e. food and fuel, etc.) and indirect costs. Please provide an estimate of the percentage of direct costs that will be spent on food and fuel.

WSDA acknowledges that costs for food and gasoline can be volatile and that proposed fees may not be economically viable for the Contractor for the entire performance period. An increase or decrease greater than 10% of the Consumer Price Index (CPI), utilizing March 2022 as the baseline CPI, to food and/or gasoline values may result in contract amendments to adjust the price per unit commensurate with the CPI change. CPI data will be reviewed by WSDA staff quarterly and will be pulled from the [U.S. Bureau of Labor Statistics](#).

The evaluation process is designed to award this procurement based on the best value to WSDA and not necessarily to the lowest Bidder of least cost ([RCW 39.26.160](#)). Bidders are encouraged to submit proposals which are consistent with state government efforts to conserve state resources.

- c. **Maximum and Minimum Contract Award** – Bidders have an opportunity to apply for multiple distribution counties as well as multiple award types. All proposals will be scored as indicated in Section 4.4 after which time scored proposals will be entered into an award matrix that takes into account award limits and distribution regions. Bidder must indicate the minimum and maximum award amount that the Bidder can manage for each award type for which a proposal is submitted. An award of less than the minimum amount indicated will not be offered.

3.5. PAST PERFORMANCE REFERENCES AND LETTERS OF SUPPORT (MANDATORY)

Provide three (3) past performance references, *Exhibit E* to this RFP, **or** three (3) letters of support from Last Mile Distribution Partners or Vendors that will be involved in the performance of this project, **or** a combination of letters and references. Do not include letters from current WSDA staff. The WSDA may contact references at the WSDA'S discretion.

3.6. OMWBE CERTIFICATION (OPTIONAL AND NOT SCORED)

Include proof of certification issued by the Washington State Office of Minority and Women's Business Enterprises (OMWBE) if certified minority-owned firm and/or women-owned firm(s), will be participating on this project. For information: <http://www.omwbe.wa.gov>. Self-certified or small or Veteran owned businesses should so indicate as well.

4. EVALUATION AND CONTRACT AWARD

4.1. ADMINISTRATIVE REVIEW FOR BID RESPONSIVENESS

All proposals will be reviewed by the RFP Coordinator to determine compliance with administrative and minimum qualification requirements and instructions specified in this RFP. WSDA may reject a proposal as non-responsive at any time for any of the following reasons:

- a. Incomplete Response
- b. Submission of a Response that proposes services that deviate from the scope and technical requirements set forth in this RFP
- c. Failure to meet the minimum Bidder qualifications or to comply with any requirement set forth in this solicitation document

If a proposal is deemed non-responsive, it shall be disqualified and the proposal will not be evaluated. WSDA shall notify non-responsive Bidder(s) of this determination and the supporting reasons.

If a proposal meets all administrative and minimum qualification requirements and submittal instructions, WSDA shall continue with the written evaluation procedure.

4.2. ERRORS IN BIDDER RESPONSE

Bidders are responsible for all errors or omissions contained in their responses. Bidders will not be allowed to alter response documents after the deadline for response submissions. WSDA reserves the right to contact any Bidder for clarification of proposal contents. In those cases where it is unclear to what extent a requirement has been addressed, the evaluation panel may, in their discretion and acting through the RFP Coordinator, contact a Bidder to clarify specific matters in a submitted response.

WSDA also reserves the right at its sole discretion to waive minor administrative irregularities.

4.3. EVALUATION PROCEDURE

Responsive proposals will be evaluated strictly in accordance with the requirements stated in this solicitation and any addenda issued. The evaluation of proposals shall be accomplished by an evaluation team(s), to be designated by the WSDA, which will determine the ranking of the proposals. The RFP Coordinator may contact the Bidder for clarification of any portion of the Bidder's proposal.

4.4. EVALUATION CRITERIA, WEIGHTING AND SCORING

Following the administrative review, proposals shall be evaluated, and points shall be awarded for the non-administrative components of the proposal.

The maximum number of points available for each Bidder is one hundred points (100). The following weighting and points will be assigned to the proposal for evaluation purposes:

Technical Proposal: 40%

- Project Approach/Methodology, Data Management, and Feedback- 15 points (maximum)

- Cultural Relevance of Goods & Services - 7 points (maximum)

References and Letters of Support (*Exhibit E*): 10%

- Satisfactory Past Performance - 5 points (maximum)
- Demonstrated Commitment to Collaboration - 5 points (maximum)

WSDA reserves the right at its sole discretion to reject any and all responses received without penalty. The final selection, if any, will be those responses which, in the opinion of WSDA after review of all responses by the evaluation committee(s), best meet the requirements set forth in the RFP and are in the best interests of WSDA and the state of Washington.

4.5. NOTIFICATION TO BIDDERS

The WSDA will notify the Apparent Successful Contractor(s) of their selection in writing upon completion of the evaluation process. Individuals or firms whose proposals were not selected for further negotiation or award will be notified separately by e-mail.

4.6. DEBRIEFING OF UNSUCCESSFUL BIDDERS

Any Bidder who has submitted a proposal and been notified that they were not selected for contract award may request a debriefing. The request for a debriefing conference must be received by the RFP Coordinator within three (3) business days after the Unsuccessful Bidder Notification is e-mailed

to the Bidder. Debriefing requests must be received by the RFP Coordinator no later than 5:00 PM, local time, in Olympia, Washington on the third business day following the transmittal of the Unsuccessful Bidder Notification. The debriefing must be held within five (5) business days of the request.

Discussion at the debriefing conference will be limited to the following:

- Evaluation and scoring of the Bidder's proposal.
- Critique of the proposal based on the evaluation.
- Review of Bidder's final score in comparison with other final scores without identifying the other firms.

Comparisons between proposals or evaluations of the other proposals will not be allowed. Debriefing conferences may be conducted in person or on the telephone and will be scheduled for a maximum of one hour.

4.7. PROTEST PROCEDURE

Protests may be made only by Bidders who submitted a response to this solicitation and who have participated in a debriefing conference. Upon completing the debriefing conference, the Bidder is allowed three (3) business days to file a protest with the RFP Coordinator. Protests must be received by the RFP Coordinator no later than 4:30 PM, local time, in Olympia, Washington on the third business day following the debriefing. Protests may be submitted by e-mail but must then be followed by the document with an original signature.

Bidders protesting this procurement shall follow the procedures described below. Protests that do not follow these procedures shall not be considered. This protest procedure constitutes the sole administrative remedy available to Bidders under this procurement.

All protests must be in writing, addressed to the RFP Coordinator, and signed by the protesting party or an authorized Agent. The protest must state the RFP number and the grounds for the protest with specific facts and complete statements of the action(s) being protested. A description of the relief or corrective action being requested should also be included.

Only protests stipulating an issue of fact concerning the following subjects shall be considered:

- A matter of bias, discrimination, or conflict of interest on the part of an evaluator.
- Errors in computing the score.
- Non-compliance with procedures described in the procurement document or WSDA policy.
- Violation of state or federal law.

Protests not based on procedural matters will not be considered. Protests will be rejected as without merit if they address issues such as: 1) an evaluator's professional judgment on the quality of a proposal, or 2) WSDA'S assessment of its own and/or other agencies needs or requirements.

Upon receipt of a protest, a protest review will be held by the WSDA. The WSDA Director or an employee delegated by the Director who was not involved in the procurement will consider the record and all available facts and issue a decision within five (5) business days of receipt of the protest. If additional time is required, the protesting party will be notified of the delay.

In the event a protest may affect the interest of another Bidder that also submitted a proposal, such Bidder will be given an opportunity to submit its views and any relevant information on the protest to the RFP Coordinator.

The final determination of the protest shall:

- Find the protest lacking in merit and uphold the WSDA's action; or
- Find only technical or harmless errors in the WSDA's acquisition process and determine the WSDA to be in substantial compliance and reject the protest; or
- Find merit in the protest and provide the WSDA options which may include:
 - Correct the errors and re-evaluate all proposals, and/or
 - Reissue the solicitation document and begin a new process, or
 - Make other findings and determine other courses of action as appropriate.

If the WSDA determines that the protest is without merit, the WSDA will enter into a contract with the apparently successful Contractor. If the protest is determined to have merit, one of the alternatives noted in the preceding paragraph will be taken.
