Waterfront Seattle Pier 58 Improvements - Plans & Specs found at the City of Seattle website at:

<https://seattle.procurement.com>

This Pier 58 Improvement Project includes: Marine Pile Driving, Precast Deck Panels, Cast in Place Concrete and a Topping Slab with Architectural finishes.

Pier 58 Improvements - Marine Construction Subcontracting Opportunities include:

- Aggregates
- Bubble Curtain
- Cathodic Protection
- Electrical & Mechanical
- Fountain Infrastructure
- Fire Suppression System
- Grated Steel Pedestrian Walkway
- Guardrail & Handrail
- Habitat Construction
- Landscaping
- Metal Doors & Misc. Metals
- MOT (Traffic)
- Piling (Steel)
- Play Area Equipment
- Furn/Install Reinforcing Steel
- Steel Brackets
- Survey
- Synthetic Turf
- Water Proofing
- misc work scopes.

In order to assist registered Women & Minority Business Enterprises (WMBE) Subcontractors and Suppliers, we will divide items of work into smaller economically feasible units; smaller tasks or quantities; and establish delivery/construction schedules which will allow maximum WMBE participation where feasible. Subcontractors are required to execute Kiewit standard Subcontract or Material Contract agreements.

We are an Equal Opportunity Employer
