Wednesday, March 22nd at 4:30pm:

<https://bit.ly/430pmskanskaoutreach>

Please join Skanska Civil team at a virtual outreach meeting where we will introduce the project team, tentative project schedule, discuss the contract goals **SBE 5%, VOB 3%, WBE 10%, MBE 6%**, and we will discuss in detail the two upcoming design-build projects:

I-405 Brickyard to SR527 Improvements: This project will create a dual express toll lane (ETL) system from south of the I-405/SR 522 interchange to the I-405/SR 527 interchange. This project includes new lanes, direct access ramps, interchange improvements, Stride bus rapid transit stations and related facilities, and new fish passage culverts within the project vicinity.

SR520/I-5 to Montlake Bridge Replacement (Portage Bay Bridge): This Project will replace the existing Portage Bay Bridge, with two new parallel box girder bridges across Portage Bay, replace off-ramps, replace overcrossings with new contiguous lid structure, relocate utilities, retaining walls, new landscaped bicycle and pedestrian crossing over I-5, shared-use trail on the new Portage Bay Bridge, and other multimodal improvements.
