

ADDENDUM #3 INFORMAL BID 2020-126

Kitsap County Department of Public Works Sewer Utility Division

2020 Polymer

TO: All Respondents
FROM: Vicki Martin, Buyer
CLOSING DATE: September 2, 2020 at 3:00 PM (**UNCHANGED**)
REF NO.: 2020-126 RFP
DATE: August 6, 2020

The following information is provided to assist in responding to the above referenced proposal in response to the questions submitted by Polydyne, Inc. on August 4, 2020.

1. Will the County find it acceptable to have vendors supply a full tote for trials opposed to a drum? The tote will be at no cost to the County?

KC – It is the vendors choice to supply a full tote or a drum. The vendor should note that the equipment is already set up for a tote.

2. If a vendor chooses to trial the same product for dewatering and thickening, would the County prefer to have 2 separate totes/drums?

KC – Supplying separate totes/drums is the vendors choice. The County is able to transfer the tote/drum from one testing location to the other.
