QUESTIONS AND RESPONSES

1. Does the scope of work include participation in preparing for and staffing additional public meetings beyond the Planning Commission and Board of County Commissioners, such as on-line public meetings or open houses?

Answer: Our expectation, subject to negotiation and subject to the Public Participation Plan to be developed, is that the consultant will play a support role to County staff for all public meetings including public scoping meetings. Support includes development of meeting materials as needed and setting up on-line meetings. County staff will facilitate and advertise the meetings. Due to COVID, bidders should assume that all public meetings prior to Planning Commission and Board of County Commissioners will be on-line meetings. Planning Commission and Board of County Commissioners meetings may be on-line or in-person depending on COVID protocols at the time.
