SPEAKER: CARMELLE PALOMINO, CPA

Carmelle Palomino started her career in public accounting and throughout the years has gained extensive experience in external and internal audit and managerial accounting. She has worked with numerous DBE firms and has provided services ranging from accounting consultation to understanding the development of an indirect cost rate and the impact of FAR 31 on a firm's accounting system. She has worked for WSDOT and OEO to help educate DBEs and business owners.
