

Be RainWise

Manage your rain water at home

Expand your business by installing rain gardens and cisterns for the RainWise Rebate Program

Rain garden

Free training is available to prepare licensed Contractors and Landscape Professionals to install City of Seattle and King County RainWise rebate-funded rain gardens and/or cisterns on private property in specific Seattle neighborhoods. This training is required for contractors who want to participate in the program.

Participants will learn:

- 💧 RainWise design details
- 💧 Sizing and rebate calculating
- 💧 Locating and setback requirements
- 💧 Inspection process and requirements
- 💧 Rebate process and required paper work
- 💧 How RainWise helps to market your business to customers

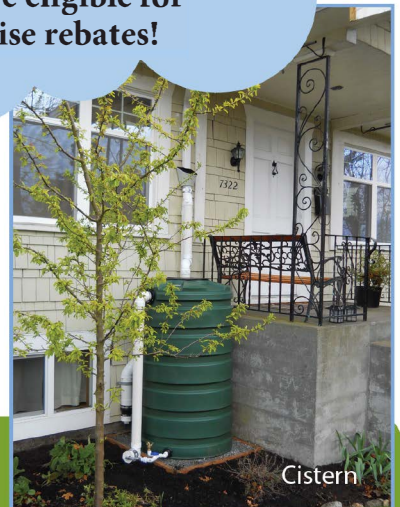

FREE Three-part Training: *Attendance is required at all three sessions!*

- 1 Monday, March 11th, 6:00 PM to 8:30 PM**
