Disparity Study Public Meetings

BBC Research & Consulting is conducting an airport concessions disparity study for the Port of Seattle. The study will assess how minority- and woman-owned businesses are faring in the marketplace and as part of the concessions program at the Seattle-Tacoma International Airport (SeaTac).

What is a disparity study?

- Examines participation of minority- and woman-owned businesses in airport concessions
- Measures the availability of minority- and woman-owned businesses for airport concessions
- Assesses marketplace conditions for minorities; women; and minority- and woman-owned businesses
