2020 Washington Student Achievement Council Supplier Diversity Inclusion Plan

Agency's plan to increase participation of certified small minority, women, and veteran owned firms:

The Washington Student Achievement Council's participation level for FY19 was 5.85%. We intend to continue our best practices and strive to increase our participation percentages. As outlined by Governor Inslee's strategic framework and Results Washington Goal 2 participation rates are encouraged to be that of 10% minority-owned businesses, 6% women-owned businesses, and 5% veteran-owned businesses; we acknowledge these percentages and will increase our efforts to match the suggestion. Our agency has identified the following strategies in 2020 to make progress towards this goal: We will provide information to individuals that contact our agency for future contracting possibilities in order to encourage full participation; consistently provide information regarding contracting opportunities available through our agency to OMWBE for website publication and promotion; and finally, attend OMWBE events and promote the businesses we currently utilize.
